

the arms. Mustard oil cooked with the admixture of Bhallatakam, the two kinds of Vrihati, and the fruit and barks of Dadima trees should be prescribed for the purpose of getting the 07aleJreproductive organ elongated.

CHAPTER CO

HARI said i—The expressed juice of the leaves of Shobhart* janam mixed with honey, and poured into the eyes, un* doubtedly relieves all forms of ocular affections. Make a pill with the flowers of black sesame, Jati flowers, Usha, Nimva, Amali, Shunthi, Pippali, and Tanduliyakam pasted together with rice-washings and dried in the shade. Rub this pill with honey and reduce it to a paste, apply this paste to the eyes in the manner of a collyrium. It cures blindness (Timira). Take black pepper and Nimva leaves, reduce them to a paste with the addition of cow's urine*. It cures Timira, Patalam and night-blindness. Take four parts of powdered conch-shell, two parts of realgaf and one part of rock-salt, reduce them to a paste, with the addition of cold water, make them into pills and dry them in the shade, A pill, thus prepared, and pasted with water and applied along the eyes in the manner of a collyrium cures loss of sight, Patalam land agglutination of the eyes with slimy mucous (Pichchhitam). A plaster composed of

Trikatu, Triphala,
Karanja seeds, the two kinds of Rajani,
and rock salt pasted
with the expressed juice of Bhringaraja
and applied in the
manner of a collyrium cures loss of
vision, etc. Atarushaka
roots pasted with Kanjlkam and thickly
plastered over the eye-
lids relieve aching sensations in the
eyes. Decoctions **of**
Shatadru, and Vadari roots infernally
administrated relieve
